Expectations of Teachers

By choosing to come out on Sea All Charters teachers understand that at least one teacher will be supervising the students at all times. This means that the teacher/s needs to be in the water during each and every snorkel. It is also expected that the teacher/s are competent swimmers. They do not need to be able to snorkel, but they need to be at the level where they can look after themselves or possibly assist a struggling student.

Confirmation

Thank you for booking your group with Sea All Charters. Please read the following information and ensure that it is all correct. Prior to our visit please download a copy of the 'Passenger Information form' and make certain each person fills one out. These then need to be brought along on your booked day and handed into your snorkel instructor. It is essential for everyone boarding the vessel to have one completed.
